

## Mr Men Party Theme

The Mr Men Party is fun, bright and colourful and the children will love seeing their favourite characters from the books!

This party theme has been inspired by the best selling collection of children's Mr Men Books.

To commemorate 40 years of the best selling books, this is a great way to celebrate your children's special birthday. The characters from the stories will be familiar to the children as it is something they have grown up with, love and will remember in years to come.

### Where to Celebrate

Perfect for celebrating at home, in the garden, a village hall, scout hut, or leisure centre. The choice is yours!

Great for a small gathering or a larger group. Suitable for ages one year & upwards.
